

LSV Commitment to Safe Work Environment

We are committed to ensuring the safety, health and welfare of everyone (including partners, staff, customers and service providers) at our workplaces. Every endeavour is made to provide you with a safe, comfortable and healthy working environment.

Safe productivity is a priority for us.

To achieve this objective, we have implemented and seek to continuously improve a comprehensive occupational safety and health (OH&S) program. This program ensures your health, safety and welfare by facilitating:

Compliance with all applicable laws and regulations

Adoption of a 'best practice' approach to OH&S

Integration of OH&S into all aspects of our business

In implementing this program, we:

Identify potential work risks and hazards

Develop safe work procedures and systems

Comply with ergonomic guidelines

Provide appropriate induction, information and training

Supervise workload levels

Implement emergency plans

Rehabilitate ill or injured workers

Consult with managers and staff on OH&S matters

Disseminate OH&S information

Document and apply consistently appropriate procedures to ensure this policy is upheld

Audit compliance with safe work procedures and systems

Provide adequate resources in order to implement this policy
