**Action:** Please Register by Monday, 6 October, 2008

---

Age Managers are important to the successful conduct of Nippers and to the safety of lifesaving activities at your club. In 2007-2008 we have seen an increase in Nipper membership numbers across Victoria and therefore ever more demand for Age Managers at lifesaving clubs.

Life Saving Victoria invites clubs to encourage any active members involved with Junior Activities to attend, learn more and use the day as a networking opportunity. There will be time to liaise with other clubs to share ideas on making Nippers a safe and fun experience for new and existing members.

These forums will also provide an opportunity for members to complete their Age Managers Accreditation so please encourage any young members to attend for their own personal development as well.

Managing the capacity of Nipper programs, fundraising and alternative ideas on program delivery will be key topics presented throughout the day. Practical sessions will also be available at each of the days for members wanting further insight into Nipper activities.
