Date: 18 September 2008

Subject: SLSA National Leadership College – December 2008

Action:

Surf Life Saving Australia is now seeking enrolment applications for places at the 2008 National Leadership College to be held at Sydney University, 1 - 6 December 2008.

The National Leadership College is the accumulation of two years of development of the nationally delivered leadership program. The focus of the national program has moved from a 'camp' to a 'conference' to what is now a 'college'.

The college will assume participants come into it with some previous exposure to leadership training, preferably from within the surf life saving leadership pathway, but it could also come from their careers outside of surf. The college philosophy will be interactive shared learning and will relate SLSA's leadership competencies to grass roots surf life saving. This will be achieved through industry professional presenters and a focus on facilitator lead workshops.
