An updated Working with Children Check (WWCC) application form with a purple front is being introduced. The current form (green front) can still be used, until Wednesday, 31 March 2010.

How to obtain new application forms
If you require less than five (5) of the new purple application forms, the quickest way to get these is by visiting your local participating Australia Post outlet. If you require more than twenty (20) applications you may wish to consider requesting a bulk application process through your local participating Australia Post outlet by phoning 13 13 18.

State Centre will receive a small supply of new application forms in the next few weeks which will be distributed evenly amongst the clubs via the weekly mail.

How to apply for a WWCC
The process of applying for the check remains the same (as outlined in the WWCC FAQ document) and is listed below:

- Read and complete the required information using black pen (except the signature component) (please use code 70 in Section D)
- In the ‘Details of Organisation/s’ (Section E), please enter both Life Saving Victoria and your club’s details:
  
<table>

<th>Other Organisation: Your club</th>
</tr>
</thead>

</table>

- Provide 100 points of identification (refer to application form)
- Provide a passport size photo (must be regulated size and taken within the last 12 months)
- Lodge at Australia Post and receive an ‘Application Receipt’ (back page of application form), as evidence of submitting your form. The application receipt number in the top right hand corner is your WWCC number

The application receipt acts as a temporary WWCC until your application is processed. Once you have lodged your application and obtained a receipt, you can partake in activities involving children. The verified receipt can be used until the application is decided, or for a maximum of sixty (60) days from the date of issue, whichever occurs sooner.
