TAF Upskill to the new Cert II PUA (Aquatic Safety)

The Cert II PUA (Aquatic Rescue) expired in July 2020. LSV would like to offer existing SRC and Bronze TAF the opportunity to upskill to the new Cert II and have developed a resource for those that wish to do so. The upskill is not mandatory for either training or assessment activities in Victoria, nor for aquatic sport activities.

TAF SRC / Bronze Induction

The team have worked hard to ensure that the SRC and Bronze Medallion courses remain fit for purpose, flexible for clubs and engaging for members and acknowledge the work of SLSA and SLS NSW on driving the review.

With changes to the curriculum, new online learning resources, adjusted delivery models, a new online (PSAR 35th) manual and revised assessment activities it is important to ensure that our TAFs are provided an opportunity to be inducted to the new look courses. To enable this an SRC / BM Induction has been designed and four initial sessions will be put on in the coming weeks. These initial dates are below, and additional sessions will also be provided. You are only required to attend one Session. The sessions will be provided via Microsoft teams:
