Background

In December 2019, cases of a viral pneumonia caused by a previously unknown pathogen were reported in Wuhan, Central China. The pathogen was identified as a novel coronavirus (recently named SAR-CoV-2). SARS-Cov-2 causes the illness now known as coronavirus disease (COVID-19) Currently there are no known treatments (vaccine or anti-viral) against the virus.

Cases of coronavirus disease (COVID-19) have now been reported in a significant number of countries around the world, including Australia.

Health Alerts for Members and Clubs

Our priority is to ensure the health and safety of our people and community.

With the recent outbreak of COVID-19 around the world, Life Saving Victoria is currently putting in place a number of precautionary actions to mitigate and protect staff, clients and volunteers' members, as much as practical.

Please see latest guidelines for clubs and members to support the health and wellbeing of members and community. This includes reviewing patrol protocols, large events, standard operating procedures, travel and our general business operations.

Life Saving Victoria is seeking advice from the Department of Health and Human Services, Emergency Management Victoria and other expert resources ongoing and will continue to provide latest health information, event information, resources and briefings for clubs and members as relevant.

A webpage is provided to host the latest information www.lsv.com.au/healthalerts

Should Clubs require additional PPE, please contact LSVComms
