

LIMSOC – Lifesaving Incident Management System and Operations Console is designed to streamline the lifesaver, lifeguard and marine rescue services sign on/off process and provide more efficient, spatially aware incident management.

Clubs have the ability to electronically sign on/off for patrol and training, record rescues, minor first aids and enter Incident Report Log entries for major first aid incidents.

Club access is allocated to members by Club Presidents, Secretaries and Club Captains, via the Club Admin App.

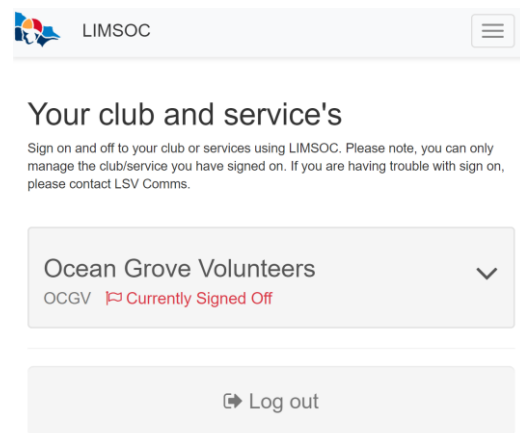

1. To access LIMSOC, browse to <https://limsoc.com.au> on your computer or mobile device.

The screenshot shows the LIMSOC login interface. At the top is the LIMSOC logo. Below it, a prompt says "Sign in using your SLSA Members account". There are two input fields: "Username" and "Password". A red "Sign in" button is positioned below the fields. At the bottom, there is a link for "Request access" and a note: "All access to this system is logged and monitored."

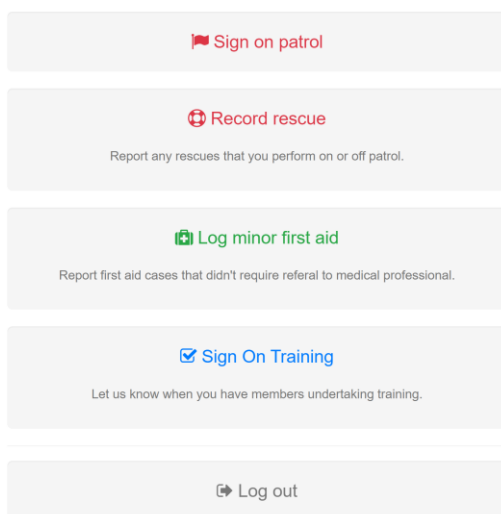

Use your SLS Members Area Account to login.

2. Click on the club you wish to manage and the menu will expand.

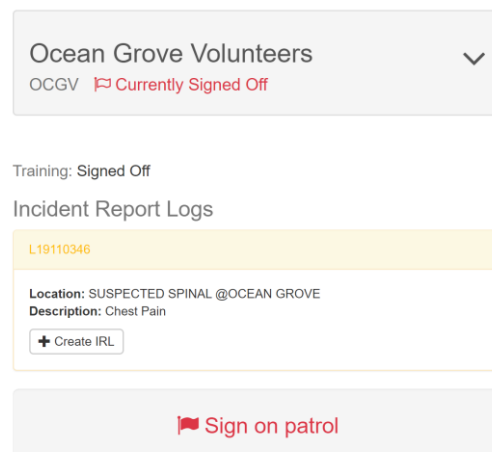

The screenshot shows the LIMSOC dashboard. At the top, there is a header with the LIMSOC logo and a menu icon. Below the header, the text reads "Your club and service's". A note states: "Sign on and off to your club or services using LIMSOC. Please note, you can only manage the club/service you have signed on. If you are having trouble with sign on, please contact LSV Comms." A dropdown menu is open, showing "Ocean Grove Volunteers" with a status of "OCGV" and "Currently Signed Off". A "Log out" button is visible at the bottom.

3. Select the activity you wish to perform and follow the prompts.

The screenshot shows the activity selection menu. It contains five main options: "Sign on patrol", "Record rescue" (with a sub-note: "Report any rescues that you perform on or off patrol."), "Log minor first aid" (with a sub-note: "Report first aid cases that didn't require referral to medical professional."), "Sign On Training" (with a sub-note: "Let us know when you have members undertaking training."), and "Log out".

4. If there is an incident that requires an Incident Report Log (IRL) to be completed, you will see a window alerting you of this.

The screenshot shows the incident report log window. It features a dropdown menu for "Ocean Grove Volunteers" (status: "OCGV" and "Currently Signed Off"). Below this, it shows "Training: Signed Off" and "Incident Report Logs". A specific incident is highlighted with ID "L19110346". The details include "Location: SUSPECTED SPINAL @OCEAN GROVE" and "Description: Chest Pain". A "Create IRL" button is present. At the bottom, there is a "Sign on patrol" button.

Click Create IRL to complete your incident report log entry.
